## Lincoln/Pike Drug Court Foundation Announces Dickens Christmas Carol Gala On Dec. 7.

*"I will honour Christmas in my heart and try to keep it all the year. I will live in the Past, the Present, and the Future. The Spirits of all Three shall strive within me." - Ebenezer Scrooge, 'A Christmas Carol' by Charles Dickens.*

For the Lincoln-Pike Counties Drug Court Foundation, this quote relates so very well to those who have faced struggles of addiction and then have made the conscious decision to participate in the Treatment Court model found in Lincoln-Pike Counties. With this spirit of giving in mind, all are invited to a Dickens Christmas Carol Gala on Saturday, Dec. 7.

This annual fundraiser allows the Foundation to continue its efforts and expand its reach through empa-

thy, education, resources and accountability for those participating in this voluntary, intensive, court supervised, comprehensive treatment program for non-violent offenders.

"The Treatment Court is a reminder that there is always hope. Lives are changed and families are reunited. The individual is provided the guidance, tools and resources to be the person that they were created to be and this is all possible through community involvement", says Mike Roth, President of the Lincoln-Pike Counties Drug Court Foundation.

Held at St. Stephen United Methodist Church in Troy, the evening includes dinner, silent auction, music by C&C All Around Sound and attendees are welcome to

dress in attire reminiscent of the Dickens Christmas Carol era!

The "CORE" organization, Lincoln County Community Opioid Response Effort, has come along side to volunteer resources and staff for the Gala. These two organizations are committed to the education of our youth and families working to end drug dependency while supporting those individuals that have taken the steps necessary to participate in the drug treatment program.

Tickets for the event are \$25 if purchased in advance, \$30 at the door. Corporate sponsorship is also available. For more information, contact Mike Roth at 1-844-574-7387, ext. 700 or Heather Graham-Thompson at 636-528-0326. Be sure to 'like' the event on Facebook!

## NECAC To Kick Off Kettle Campaign In Pike County

North East Community Action Corporation (NECAC) Pike County Service Coordinator Chandra Roberts staffs a kettle during 2018 bell ringing.

The not-for-profit North East Community Action Corporation (NECAC) will kick off the Salvation Army kettle campaign for Pike County on Nov. 29.

The annual fund-raiser will continue daily through Dec. 24 outside the Bowling Green Walmart at 3 Town Center Drive.

Volunteers are needed to ring bells. Area residents and organizations are asked to participate for a couple of hours at a time. Day and evening hours are available, and the schedule is flexible.

"We'd really like to sign up as many people and groups as we can

get," said NECAC Pike County Service Coordinator Chandra Roberts. "With 85 percent of the donations staying in Pike County, those who make contributions can be assured that they're helping their neighbors in need."

This year's kettle campaign goal is \$8,000, up from \$6,000 in 2018. NECAC is signing up local groups, churches, businesses, clubs and individuals to ring bells.

More information is available by calling Roberts at 324-2207 or visiting the NECAC Pike County Service Center at 805 Business Highway 61 in Bowling Green.

## The Day The Earth Shook In Ashburn

*Editor's Note: Nov. 23 was the anniversary of the event described in the following story contributed by award-winning Louisiana journalist, author and public relations professional Brent Engel. It first appeared in his 2015 book "One More Thing." Engel plans to publish a new collection of Pike County history stories shortly.*

Dense woods and majestic bluffs belie the horrific Thanksgiving Eve blast that once rocked Ashburn.

It wasn't the first, or the last, accident at the Hercules Powder Works, but it certainly was one of the most dramatic. The gruesome aftermath drew national attention.

At 7:55 a.m. on Nov. 23, 1898, the packing house at the plant a mile north of town blew up, killing six men. Six others were injured by debris and many homes were damaged.

The concussion was felt as much as 25 miles away, shattering windows, shaking buildings and prompting fears that an earthquake had struck.

"There was a terrific roar and the walls and the roof of the packing house were thrown into the air as though shot from a volcano," The Associated Press reported. "The employees were thrown into the air by the force of the explosion, and then their bruised, battered and torn bodies fell back amid the wreck and burning debris."

Many nearby homes were hit, including one a half-mile away that was destroyed when "a huge mass of brick and mortar" fell upon it, the news service said. At any time, the plant stored up to 10,000 pounds of blasting powder.

"There is always some loose powder on the floor of the packing room, and it is supposed that something was dropped upon it that caused it to explode," theorized the Kansas City Journal. "The exact cause of the explosion will never be known, as all the men in the packing house at the time were blown to atoms."

## MDC Thanks Deer Hunters For Help With CWD Sampling

The Missouri Department of Conservation (MDC) thanks the many thousands of deer hunters who participated in its mandatory CWD sampling efforts in 29 counties Nov. 16 and 17 during the opening weekend of the November portion of the fall firearms deer season. Thanks to hunter participation, MDC collected more than 18,800 tissue samples from hunter-harvested deer for CWD testing.

Chronic Wasting Disease (CWD) is a deadly disease in white-tailed deer and other members of the deer family. MDC's CWD sampling and testing efforts find cases of the deadly disease to help the Department limit its spread. Learn more about CWD at [mdc.mo.gov/cwd](http://mdc.mo.gov/cwd).

According to MDC, the opening weekend of the fall firearms deer season is the most popular two hunting days for most deer hunters. Hunters take about a third of the state's total annual deer harvest during those two days. Focusing on this key weekend gives MDC the best opportunity to collect the most tissue samples during a very concentrated time period.

MDC's statewide, season-long, voluntary CWD sampling efforts continue through Jan. 15, 2020. Learn more about voluntary CWD sampling at [mdc.mo.gov/cwd](http://mdc.mo.gov/cwd) under "Voluntary CWD Sampling All Season."

MDC sends collected tissue samples to the University of Missouri

Veterinary Medical Diagnostic Laboratory for CWD testing. Hunters who submitted tissues samples from their harvested deer for CWD testing can get free test results for their deer at [mdc6.mdc.mo.gov/applications/cwdResults/](http://mdc6.mdc.mo.gov/applications/cwdResults/)

According to MDC, the prevalence of CWD is still very low in the state. The Department's CWD surveillance and management efforts aim to keep CWD rare in Missouri and to prevent CWD from spreading to a level where sick deer are routinely observed, and regional population declines occur.

Learn more at [mdc.mo.gov/cwd](http://mdc.mo.gov/cwd) under "CWD in Missouri."

## Activities At The Eastern MO YMCA

By DEBBIE HOPKE

As we approach Thanksgiving, members of the Eastern Missouri Family YMCA have been busy placing leaves on our "Y" I am Thankful tree. Jennifer Young, a YMCA employee, designed a tree where members write what they are thankful for on a leaf and place it on the tree for everyone to see.

The YMCA Second Annual 5K Turkey Trot will start on Thanksgiving Day at 7:30 a.m. The cost to participate is \$25 and registrations will be available the day of the race. Homemade pumpkin pies will be awarded to the first place finishers in each class. Strollers and leashed dogs are welcome.

Youth recreational basketball games are in full swing. The five teams will take a break on Thanksgiving weekend and finish up the season by playing on Saturday, Dec. 7 and Saturday, Dec. 14. Everyone is welcome to come and watch.

Family FUN day Sunday is set for Sunday, Dec. 1. This is the perfect day for the entire family to come to the Y since all children up to age 11 years will have supervision in the gym or in the child watch room. The wellness center will be open for all eligible members plus basketball and pickleball will be available in the gym.

Another craft and social event is planned for Tuesday, Dec. 3 in the Y Café. Joyce Jerman will provide materials and instruction as participants create their very own Frosty the Snowman. There are two class times, 1 p.m., and 6 p.m., with a cost of \$15 for a member and \$18 for a non-member. Signup deadline is Sunday, Dec. 1. Be sure to stop by the Y to sneak a peek of Frosty and guess what he is made from.

The December Coffee and

Muffins morning is scheduled for Thursday, Dec. 5, from 8:30-10:30 a.m., in the Y Café. This social event is held in conjunction with the monthly Blood Pressure check which is open to everyone in the community and surrounding area. Stop by to get your blood pressure checked and take a tour of Y.

All members are invited to the Holly Jolly Membership Party on Thursday, Dec. 10 in the Y Café. Vegetable soup, chili, and assorted desserts will be served from 11 a.m. - 2 p.m., and then again from 4-6:30 p.m. Stop by during the time that suits your schedule the best.

The community wide diaper drive will be wrapping up at the end of November. The YMCA is hosting a diaper drive to benefit those in our community who need assistance with diapers, baby wipes, and diaper rash cream. Anyone can donate to the diaper drive by bringing their items to the YMCA vestibule area. Honey Bear, a bright yellow teddy bear, marks the location for the drop off.

Remember that the YMCA sells gift cards in any denomination. Gift cards make the perfect Christmas, birthday, or thank you gift for someone who is considering joining the Y as well as a current member. Gift cards may be used for join fees, monthly dues, or programs.

The Eastern Missouri Family YMCA is fast approaching the new year 2020 and their one-year anniversary. Continue to check out our Facebook page and stop by to see what is offered at your YMCA and what the new year has in store.

There is more to the Y than meets the eye and we would love to discuss memberships, programs, and classes.

## ASHBURN

Continued from front page

The dead, all of them single, were identified as William Wilson, the foreman and son of the plant manager; Albert Miller of Hannibal; D.M. Smith of Louisiana; and William Chapelston and Jack Hollinger of Ashburn. Alfred Wenzel's hometown was not listed, but he was laid to rest in Hannibal.

In grisly detail, newspapers reported on the hours after the blast.

"During the day, the men were engaged with buckets gathering up such bits of flesh and bone as they could find," one reported. "A piece of spinal column was found a half-a-mile from the scene of the explosion."

The disaster was particularly devastating because Ashburn was a close-knit community, founded in 1819 and named for Kentucky immigrant George T. Ashburn. At the time of the explosion, there were more than 300 residents, compared with only about 50 today.

The powder plant was built by DuPont in 1892. It produced dynamite for the mining and construction industries, and for the government. Remnants of buildings remain in the woods today.

Authorities speculated that the 1898 disaster might have been caused by carelessness because, as one paper reported, the plant was operating "day and night on orders from" the Navy. The financial loss eventually was pegged at \$100,000 — a little over \$3 million now.

Despite the loss of his son, records show the elder William Wilson continued as superintendent of the plant at least until 1905.

After 1898, potentially-dangerous buildings were separated in nearby valleys, but accidents still happened. One man died and five were injured in a powder warehouse explosion in December 1909. In June 1915, four men were killed when 200 pounds of nitroglycerin ignited. A non-lethal

explosion in September 1903 "shattered the windows in a passing train and caused several women passengers to faint," according to the Mexico Message.

After a five-year anti-trust battle, a federal court in June 1912 ordered DuPont to divest. The company kept its main business, but jettisoned Hercules Powder and Atlas Powder. Kentucky-based Ashland Inc. bought Hercules in 2008.

DuPont operated the Ashburn facility until 1932. Six years later, the company donated the 1,118-acre site to the Missouri Conservation Commission, which expanded it by 200 acres and created the DuPont Reservation Conservation Area.

The Missouri Conservation Department still oversees it, and visitors today can enjoy hunting, fishing, hiking and bird-watching in a secluded setting.

The loudest sounds now are the freight trains that rumble through the valley or the motorcycles that stop at the bluff-top overlook. A boat access and primitive campground can be found along the Mississippi River portion of the site.

Pictured is Douglas Gower with his Quilt of Valor.

Sixteen Susanna Randolph Chapter members welcomed their family and guests to the annual Friends & Family Night at the St. Pat's Hall in Vandalia.

The over 50 people present enjoyed a traditional turkey dinner prepared by Karen Leverenz.

Those attending the event included Susanna Randolph Chapter members Carolyn Ball, Muriel

Beshars, Alta Bland, Joy Brummitt, Ann Carter, Elaine Dameron, Joy Davis, Sheila Ennis, Judy Flowers, Brenda Gower, Glee Hanson, Joy Hoyt, Martina Hoyt-Vail, Ruth Miller, Donna Wilson and Vicki Wright; three M. ## Bowling Green Middle School To Host Eighth Annual Swap

Seven years ago the Bowling Green Middle School took on a challenge. Students were asked to donate clean, gently used clothing that they no longer needed or wanted. A "shop" was then set up in the high school auditorium and students were able to come and choose items they would like for themselves or friends and family members. Everything was free and all students were allowed to shop. The middle school has each

year been so impressed with the quality of donated items, and the students are extremely grateful to receive them. In preparations for this year's swap shop, the Bowling Green Middle School is asking for your help to once again make this a successful event. As winter weather approaches and you start cleaning out your closets, if you find items that you no longer need or want please consider donating them to our

swap shop. Any toys or knick-knacks are also requested. Also donations of gift bags, gift boxes or wrapping paper are appreciated as we will have some elves gift wrapping.

Donations will be accepted through Friday, Dec. 13. The swap shop will be

open to middle school students during the school day Monday, Dec. 16 and Tuesday, Dec. 17. Please call the Bowling Green Middle School at 324-2181 with any questions, or to schedule a drop-off. Remember it may look like trash to you, but in the eyes of a middle schooler, it may be an amazing treasure.
