Champ Clark Bridge Wins Design-Build Award

**BY BRICE CHANDLER
STAFF WRITER**

In 2015, replacing the Champ Clark bridge was still up in the air and needed funding, but a dedicated team of individuals throughout the county continued lobbying for the much-needed replacement.

Their efforts – along with hundreds of others – finally paid off in 2019 when the long-awaited, new Champ Clark bridge opened. Its wider lanes allow for the safer and easier passage for motorists and pedestrians alike. Extensive work on the Illinois side will help keep the bridge open during flooding.

Love or hate the new design, its drawing national recognition for the building process.

The \$61 million project recently received a national design award based on the Design-Build process.

Design-build is a project delivery method that combines both the design and construction phases into one contract to save time and resources. The Champ Clark bridge was the first design-build project in MoDOT's Northeast District.

The new Champ Clark bridge was named a project of merit by The Design-Build Institute of America. The merit award is in the organization's transportation category. The categories and projects are diverse and range from aviation to water/wastewater sectors.

MoDOT and IDOT Selected Massman Construction as the primary contractor for the project in June of 2017. HNTB Corp partnered with Massman as the architect and engineer firm.

The bridge project will compete against 36 other award winners for a National Award of Excellence and Project of the Year which will be announced at the Design-Build Conference and Expo awards ceremony on Thursday, Oct. 29.

The awards are given annually to projects that exemplify the principles of the design-build process.

According to the institute's website, they are the authority on Design-Build Done Right®.

"Comprised of architectural, engineering, and construction professionals, as well as academics, students, and project owners, its members collaborate and innovate to deliver some of America's most successful projects," the website states. "The new Champ Clark bridge replaced a structurally deficient and functionally obsolete crossing of the Mississippi River that opened in 1928."

"Since the project crossed state lines, a federal TIGER grant was given in recognition of its critical importance to the region. This five-span steel plate girder bridge overlooks the Mississippi River, with key improvements being made on each state's side as well doubling the existing bridge's width... This project is the first time the design-build delivery method has been used to cross the Mississippi River in an eight-state region and the first design-build project for IDOT." The website elaborates on the project's award page. "The project's success was a direct result of the project team's unfailing diligence to the design-build process. By leveraging previous experience, specialized expertise, and design-build knowledge and processes, the team came together for a successful effort to build a landmark structure across the Mississippi River – bridging two states through the power of design-build."

Readers can learn more about the award by visiting the Design-Build Institute of America's website at <https://dbia.org>

Louisiana Swears In New Council Members, Tables Budget/Animal Control Decision

**BY BRICE CHANDLER
STAFF WRITER**

The Louisiana City Council met last Monday night as part of their regular council meetings with a full audience. Several residents gathered to voice their support for maintaining the John Cotton Memorial Animal Shelter.

New council members Nick Fregeau for Ward III and Dean Burleson for Ward IV were sworn in and immediately faced the tough decision of the 2020-2021 fiscal budget.

Reducing funds for animal control was one of several options being weighed by the council in efforts to balance the budget.

A social media post the previous week alerting the public to the possible decision was widely shared resulting in a standing room only meeting due to social distancing requirements.

Mayor Brown gave each member of the audience time to address the council with their concerns on the issue or others surrounding the agenda. Ashley Branstetter voiced her concern.

"Our shelter is an asset to our community and without your support, it will become another lost to our town," Branstetter stated. "We know the property tax measure didn't pass, placing further strain on the budget, but an animal shelter supports the public health, safety, and welfare of Louisiana's citizens... I encourage the council to hold a public hearing to present the merits of the change and provide citizens the opportunity to comment. The community has shown a willingness to support our animal shelter by donating time, supplies, and money and I'm confident that will continue."

Others in the audience agreed with her statement.

The council agreed with the show of support and decided more time was needed to study the proposed budget. They voted unanimously to table the budget decision until the next full council meeting on Monday, Aug. 24.

The council also formed a committee headed by Ward II council member Kiffany Ardeneaux to further explore options for the fate

of the animal shelter. The public is encouraged to contact Ardeneaux if interested in joining or helping the committee.

During the meeting, the council read and approved an ordinance clarifying the police structure.

They also voted for the fire department and public safety to pursue the purchase of a replacement fire truck with up to \$100,000 over an eight-year lease.

According to Public Safety Chairman Bob Ringhausen, the purchase would fall under the fire department's proposed budget, and the truck would be fully outfitted. The truck would replace the one involved in an accident while responding to a callout last year.

Six council members voted yes with Kathy Smith voting no.

"It's a lot of money when our budget is already down," Smith stated during the discussion.

Rodney Dolbeare was absent for the vote.

The People's Tribune will continue to report as more information becomes available.

Van-Far Alumni Dinner Canceled

The next meeting of the association will be held Oct. 29.

Vandalia Considering Disbanding Police Department

**BY BRICE CHANDLER
STAFF WRITER**

Rumors are quickly surrounding the City of Vandalia and the fate of its police department. Many city residents are concerned about whether the city administration and council are planning to disband the city police.

Last week, a source wishing to remain anonymous due to ties within the community, contacted The People's Tribune with information stating city officials were considering closing the department and having the Audrain County Sheriff's Department handle the city's law enforcement issues.

The People's Tribune was not able to verify the information by press deadline.

Both city administrator Darren Berry and Mayor Ralph Kuda were contacted by The People's Tribune but did not return a phone call or emails of this writing.

The news of the possible decision has started circulating on Facebook after a post from a concerned resident leaked the possibility that the city council and administration intended to disband the police department.

As of press time, the social media post has garnered numerous comments and shares. The response so far has been overwhelmingly negative towards the idea.

While the Vandalia city administrator and mayor were unavailable for comments, the Audrain County Sheriff, Matt Oller joined the social-media conversation.

"Seems no one here is asking the right questions. While I can truly ap-

preciate the concerns, I don't think you have the whole picture," Sheriff Oller commented.

He continued by stating the city had contacted him and county commission asking for information and costs to contract out the sheriff's department. According to Sheriff Oller, Vandalia officials cited personnel, recruiting, and retaining issues were the factors behind seeking alternate policing options.

Residents and people working in the city have expressed their concern about response times should the Audrain County Sheriff's Department take over responsibility for policing Vandalia.

"I told both what it would take personnel wise, equipment wise and money wise for me to assign at least one sheriff's deputy to the city 24/7," Sheriff Oller continued. "Sometimes there will be more than one, but at least one in the city 24/7/365."

Sheriff Oller discussed how the practice of contracting outside police services was not uncommon in Missouri and throughout the country.

"There are numerous cities, many larger than Vandalia, across Missouri that contract police services with county agencies. Fenton is the largest I know of, and they've been doing this successfully for 25+ years."

The Tribune was not able to pull statistics from Fenton by the press deadline.

The Audrain County Sheriff also mentioned how smaller communities have recruitment and retaining

COMMUNITY NEWS

From The Mayor's Desk...

Last week was a "Fair" week at city hall. Attendance was very good at the Pike County Fair with 4-H and FFA judging and exhibits as well as a rodeo which brought in participants from all over the mid-west.

Despite some rain and COVID-19, Fairgoers braved the weather and the pandemic. Many wore masks and practiced social distancing mostly as a courtesy to others. (Channel 2 was there and gave a good review and promo for our fair).

Children enjoyed the carnival rides, Jr. Miss Pike County, Fair Pike County, Fair Queen, Ms. Pike County Fair, Little Mr. and Miss Pike County, look-A-like, baby show and diaper derby. Adults also enjoyed public speaking and talent contests all on the small stage. Pedal tractor pull, motocross dirt bike, a beer garden with music.

A county fair would not be complete without a demolition derby, horse shoe and corn-hole tournaments, and concerts which featured homegrown, Joey Wray and Riley Green. Congrats and a "great job" goes out to the fair board and all the volunteers!

Also, a big thanks to all that supported financially through advertising and donations! Back at the ranch, Alliance has continued on street repairs and is now replacing

old fire hydrants, throughout the city. Besides all the mowing they do at the Bowling Green Airport, they are working on building a temporary taxi runway. Bowling Green has received a government grant to widen, expand, and rejuvenate the current runway.

The temporary taxiway will allow Jake McDonald, owner of Air Cover Crop Solutions, to continue his crop dusting and other air services. This Bowling Green business serves many NE Missouri counties as well Western Illinois.

Jake, his wife and soon to be born child, would like to expand and make Bowling Green his family and business home. FYI, 80 percent of cities growth comes from within its own city businesses.

Examples in our own city are: Bowling Green Veterinary Clinic expansion, Sparks buying old MODOT facility, Pike County Memorial Walk-in clinic, Bowling Green Tractor, Pepsi Co., and the New Visitors Center with their Grand Opening Thursday, August 6 at 10 a.m. DON'T FORGET TO VOTE on Tuesday, Aug. 4 for county and state offices.

Rhythm in the Park is Saturday, Aug. 29. Mid-America Crusade for Christ is coming to Bowling Green Second Baptist Church Sept. 6-9.

Robert Darrell

'Bob' Gibbs

After a long and courageous battle with cancer, Robert Darrell 'Bob'

Gibbs of Louisiana died peacefully at his home on Thursday, July 23, 2020.

Bob was born on the family farm outside of Vandalia on Sept. 2, 1941 to William Pollard and Alpha Mae Nichols Gibbs. On April 20, 2013 Bob married his best friend, Sheila Burroughs. She survives.

Other survivors include children, Jason Gibbs and wife, Melissa, Rachelle Gibbs, Megan Trantham and husband, Justin, and Michael Thomas and Kelsey Meyer. Also grandchildren, Olivia, Sophia, Ellie, Wyatt, Mason, Cooper, Karrah, and Lydia.

Bob was preceded in death by his parents, brother, and sister.

He attended Butler School, a one-room school in rural Vandalia. He was a graduate of Perry High School.

Bob worked in construction to put himself through college at Northeast Missouri Teacher's College, now known as Truman State University in Kirksville. After graduating with a degree in accounting and business administration, he worked at Brown Shoe Company in St. Louis. After 27 years, Bob retired in 2001 as vice president distribution and global logistics.

Horses were a mainstay in Bob's life. He raised and showed Morgan horses, and after purchasing a farm in Pike County, Bob enjoyed his retirement years with Sheila, many days spent riding the trails on their horses, and also cart driving with their Haflinger.

Bob learned to hunt at an early age. This became his greatest passion. He was fortunate to spend many years on some great hunting adventures. He traveled to remote areas to hunt elk, moose, mountain lion, and bar, pheasant, and also loved and business administration, he worked at Brown Shoe Company in St. Louis. Bob learned to hunt at an early age. This became his greatest passions. He was fortunate to spend many years on some great hunting adventures. He traveled to remote areas to hunt elk, moose, mountain lion, and bear, pheasant, and also loved to fish. His grizzly, a Boone and Crockett record, was his most prized mount.

You could also find him riding his Harley-Davidson motorcycle, working on the farm, reading a good western, watching Cardinal baseball, or Lonesome Dove, and having daily phone calls with his great friend, Bob Stadler.

Bob enjoyed trips out west, and always said he was born 100 years too late. He would have been a great cowboy, or rough and tough pioneer.

Bob loved creating scavenger hunts, fishing, and exploring the creek with the grandchildren. Having a cold beer, good whiskey, and riding a good horse, were things he looked forward to.

Bob was a member of Union Chapel Church in Vandalia. He was also a past member of the Elk's Lodge, Pike County Fairboard, Piker's Club, and NEMO Gaited Club.

He had a special place in his heart for St. Jude's Children's Hospital. Memorials are suggested to them, the Prostate Cancer Foundation, or Pike County, MO Home Health and Hospice.

Per Bob's wishes, cremation is under the direction of Bibb-Veach Funeral Home, and no services are

planned.

One of Bob's favorite quotes was - "Life is not a journey to grave with the intention of arriving safely in a pretty and well-preserved body, but rather to skid in, broadside, thoroughly used up, totally worn out, and loudly proclaim Wow! What a ride! Happy trails!"

COMMUNITY NEWS

Fair Puddles

With three days of rain the midway at the 2020 Pike County Fair was quite wet holding water puddles throughout the week.

VANDALIA

Continued from front page

budget towards competitive wages for police officers.

“This is a highly competitive profession and places that can't pay well will never be able to recruit and retain officers, causing serious manpower issues. In fact, in the past week, there have been two nights that you had no one working for VPD. My office was notified and patrol deputies were advised accordingly and picked up that void. The current climate will not make this better any time soon.”

He continued by discussing the affordability, cost, and services the city would gain by contracting the sheriff's department.

“Based on what I know of the city's budget and what it would cost to contract with the county, it would save them money with no decrease in service. As far as cost, that's something that's been negotiated by the city and county Commission. I merely stand ready to fulfill the services. The money portion isn't my issue.”

“In reality, it makes no difference to me either way if the city decides to do this or they continue to try to somehow maintain their own PD, but in the interest of the truth, don't be led into thinking that there will be no police service in town,” Sheriff Oiler stated. “That's simply not correct.”

The 2010 census recorded Vandalia's population at 3,899 although that number included around 2,000 prisoners currently incarcerated at WERDCC.

Vandalia citizens are already seeking answers to why the city is discussing this option, when will it take effect, and why representatives have remained so quiet on the issue.

Residents are encouraged to attend the Tuesday, Aug. 11 city council meeting at 5:30p.m., at the Lange Building.

The People's Tribune will continue to report as more information becomes available.

OBITUARIES

Continued from page 4

In lieu of flowers, memorials may be given to the family to be used according to their wishes, c/o Collier Funeral Homes, Inc., 117 Barnard Drive, Louisiana, MO 63353.

Robert 'Bob' Stephens

Robert L. "Bob" Stephens, 71, died at his home on Sunday, July 26, 2020 surrounded by his family.

He was born on April 4, 1949 at Mineral Springs Hospital in Louisiana to Russell E. and Evelyn M. DeWeese Stephens. From an early age, music was a very important part of Bob's life. As a self-taught musician, he could play a variety of instruments, but his passion was the guitar. He was a mentor and an influence to many aspiring guitarists and musicians throughout the area.

Graveside services will be held at 10 a.m., Saturday at Fairview Cemetery near Louisiana. The Rev. David Rubemeyer will officiate. A Celebration of Life memorial for friends and family following the service will be held at the American Legion in Louisiana at 12:30 P.M.

On April 21, 1972 in Louisiana, he married Lorraine Raney. They celebrated 48 years of life, love, music, and family. They have one son, Robert E. Stephens and wife, Amber of Clarksville. Besides playing music and enjoying fellowship with other musicians, Bob most loved spending time with his grandchildren, Evan and Greer Stephens of Kirksville, and Camille and Dylan Stephens of Clarksville.

He was preceded in death by his parents, grandparents, a nephew Stephen, and other close friends and fellow musicians.

He is survived by his wife; a son, grandchildren; one brother, Russell G. Stephens and wife, Julie; a sister, Vickie B. Lilley; and a sister-in-law, Barb Elliott and husband, Wes of Louisiana; along with his nieces and

nephews, Rick Stephens, Susan Rubemeyer and husband, David, Linda Parr and husband, David, Ed Stephens and wife, Jean, April Newland and husband, Chris, Scott Elliott and wife, Ashley, Tom Lilley and wife, Charlotte, and Mike Lilley and wife, Barbara.

Bob worked as a heavy equipment operator for the Missouri Department of Conservation for 37 years. Unknown to many, he had an interest in sketching and woodworking. Above all else, he will forever be remembered for his extraordinary talent as a guitarist. His musical legacy spanned more than 57 years. What started with best friends in a garage, led to 32 years of Cranberry Jam. Bob had No Regret for all the hours spent playing music. "Today's music ain't got the same soul" and he liked the old-time rock and roll. "Beyond the door there's peace I'm sure, and I know there will be no more tears in heaven".

Memorials may be made to the David C. Pratt Cancer Center on Ballas Road in St. Louis or to the donor's choice.

Collier Funeral Home in Louisiana is in charge of arrangements.

Lucille Morris

Lucille Morris, 96, of Clarksville died Wednesday, July 29, 2020 at St. Joseph Hospital in Lake St. Louis.

A graveside service was held at 1 p.m., Monday at Jordan-Buffero Cemetery near Louisiana.

Lucille started her life on the Sept. 23, 1923 in Kinderhook, Ill., the second child of four born to Floyd and Martha Waters Davis. She spent her early childhood on a place north of Fish Hook, Ill. She attended her first-eighth grade in a one-room school house constructed by her grandfather and the community.

At an early age, she was baptized by the Rev. Cal Manley. After three years of high school in Perry, Ill., she married George W. Morris on the Oct. 10, 1940. They started their married life farming in the Hull, Ill., bottoms where their only child,

William, was born. In the summer of 1947, they moved to the Yeager farm near Clarksville, where they resided the rest of their lives.

She worked hard along side her husband and shared in his many endeavors, commercial fishing, hunting, trapping, and running a small fish market. They ran an Evinrude dealership and marina for many years, along with farming.

She is survived by her son, William Morris and wife, Janet and their families; a niece, Betty Jackson, and William T. Perkins who lived with her at different times, and she considered them her children; three nephews; two nieces, and their families; and a 60+ year family friend and confidant, Hubert Welch.

She was preceded in death by her husband, George, a grandson, Chris, her parents, a brother, two sisters, five nephews, and a niece.

Memorials may be made to Jordan-Buffero Cemetery or donor's choice, c/o Collier Funeral Home.

Janet Wilson

Janet R. Wilson was called home Friday, July 31, 2020 in Louisiana.

Janet was born March 4, 1940 in Jacksonville, Ill. She married Edward C. Wilson on May 1, 1959. Edward survives.

She is also survived by sons, Darrell Wilson of St. James, Douglas Wilson and wife, Helga of Quincy, Ill., and Darrin Wilson and wife, Emily of Portage Des Sioux; also a

daughter, Teresa Payne and husband, James of Bowling Green; 12 grandchildren; and 18 great-grandchildren. She is also survived by a sister, Donna Jean Nickel of Jacksonville, Ill.; and numerous nieces and nephews.

Janet was an outdoor person and would be found working in the yard with her flowers. She was always available to lend a hand to anyone in need and enjoyed working with numerous community events. She was an awesome granny/great-granny. The motto "what happens at granny's house stays at granny's house" was coined for her.

She never met a stranger and could be found as her family referred to as "working the room" at sporting events, community events, family reunions and the grocery store.

Services will be Wednesday at Collier Funeral Home in Louisiana. Visitation will be from 9 a.m., until time of service at 11 a.m. Burial will immediately follow at Riverview Cemetery in Louisiana.

Memorials may be given to the Alzheimer's Association in care of the funeral home.

Dennis Morrison of Bowling Green is pictured pitching shoes on Saturday, Aug. 1 at the Pike County Fair.
