Fire Causes Major Damage To NECAC Apartment Complex

Authorities were investigating the cause of a fire that heavily damaged one of three buildings at the Creekside Apartments in Bowling Green early Friday morning, April 5. There were no injuries, but a Bowling Green firefighter was taken to the hospital for observation after apparently experiencing fatigue. Twenty people in seven apartments were affected. An eighth apartment was vacant. The complex at 100 Creekside Drive on the west side of Bowling Green is owned and managed by the not-for-profit North

East Community Action Corporation (NECAC), which was working with families to find temporary shelter. The American Red Cross also provided disaster relief services. "We are so grateful that everyone is safe," said NECAC Deputy Director for Housing Development Programs Carla Potts, whose department oversees the agency's 1,300 apartments in 27 Missouri cities. "We're there for them in their time of need," NECAC Pike County Service Coordinator Chandra

Roberts added late Friday morning. "We'll work to make sure their needs are taken care of. We want to make sure they have a place to stay." NECAC had already planned to use proceeds from its Spring Fling Shopping Spree April 6 in Bowling Green for emergency service needs in Pike County. Roberts said the money would help assist fire victims. The agency also received donations of money and clothing, which is being distributed to families.

'Honoring Our Past - Creating Hope For The Future' Is Theme Of WERDCC Crime Victims' Rights Week Event

A ceremony was held on Monday, April 8 at the Women's Eastern Reception, Diagnostic and Correctional Center in Vandalia to mark the annual National Crime Victims' Rights Week which is April 7-13 this year. "Honoring Our Past, Creating Hope For The Future." is the theme of this year's annual event. Restorative Justice is a victim-focused approach to criminal justice. The emphasis is on restoration: restoration of victims; restoration of

communities; and restoration of offenders. The Department's Restorative Justice initiatives encourage offenders to reflect on the harm caused by their criminal activity and make restoration to victims, the community and their families. Two core practices within the Restorative Justice program that help offenders reflect on their crime and the harm caused are Impact of Crime on Victims Class and reparative activities. The week and activities through-

out the week are geared to reaching those goals. Autumn Smith, an offender at WERDCC, was the master of ceremony at the event on Monday. A welcome address was given by FUM Bill Morgan and a prayer was offered by Chaplain Tommy Barnhart. A video was presented titled, "Raising Awareness of Victims Rights and Services."

Keeping An Eye On Progress

The new Champ Clark Bridge in Louisiana is past the halfway point to completion. Changes to the bridge are visible every day. All of the piers have been set and the steel girders are being put in place before the bridge's concrete deck is installed. The People's Tribune is including a photo every week as work continues until completion as a scrapbook to one of the biggest projects the area has seen. When finished the bridge will be more than twice the width it is now at 44-foot wide and will have a pilot lag of just over \$60 million.

April Is National Donate Life Month

April is National Donate Life Month, a great time to talk with your loved ones about organ, eye and tissue donation. This is also a great time to register to be a donor; donated organs can save up to eight lives and donated tissues can heal 75 or more lives.

HOW TO HAVE THE CONVERSATION

What conversation? The conversation with your family about being an organ, eye and tissue donor. For many, this conversation is uncomfortable to think about. Yet when a loved one passes suddenly, family members can find themselves facing a hard decision that may be riddled with doubt, a situation that is made easier if you are a registered donor and they know about your decision. According to Mid-America Transplant, 98 percent of organ recovery and 91 percent of tissue recovery was possible because individuals were registered. People want to honor their loved ones' decisions. So, make it easier for them. Research organ, eye and tissue donation, determine what is best for you, register as a donor at www.MissouriOrganDonor.com, and then talk to those you love. If you choose not to be a donor, let your loved ones know that too.

HOW DO YOU HAVE THAT HEART-FELT CONVERSATION?

J. Rockne Calhoun

Joseph Rockne Calhoun died Saturday, April 6, 2019 at Country View Nursing Home in Bowling Green.

A Celebration of Life will be held at 4 p.m., Saturday at Collier Funeral Home in Louisiana.

Visitation will be held from noon until time of service Saturday at the funeral home.

Joseph Rockne Calhoun was born Feb. 7, 1939 at Pike County Memorial Hospital in Louisiana to Joseph and Eleanor Carroll Calhoun. His father named him after Knute Rockne, the former Notre Dame football coach, in hopes that his son would embody the spirit of the name he was given. Joe would prove to be right on the money.

Rockne grew up in a loving home with his younger sister, Peggy, who he would entertain and laugh with his entire life. He was a very active young man, as well. Thanks to his Uncle John B. Carroll, he acquired a love of nature and good-natured mischief at a young age. But it was in athletics where he began to lay claim to the name he was given. Appropriately enough, Rockne

excelled on the football field in high school and was awarded a scholarship to the University of Missouri. Rockne played at Mizzou from 1957-60 and, at 5'7", 200 lbs., was undervalued even in those days. However, Rockne continued to live up to his name, earning a starting position on the line his Junior and Senior years. His efforts helped the Tigers reach back-to-back Orange Belts, while Rockne was selected 1st Team All-Big 8 Defensive Tackle along the way. His head coach, Dan Devine, would later say "Rockne Calhoun was the toughest player I have ever coached".

After graduation from Mizzou, Rockne would spend several years coaching high school football where encouraging in his players that same toughness that his coach saw in him. Rockne's coaching stops included: Grant City, Nashville, Ill., Bowling Green, University of Missouri (as a graduate assistant while attending law school) and Centralia, Missouri. Rockne had many successes on the game field, but the bonds created with his players through his coaching career are what defined him in his player's eyes. Many members of his Centralia teams made it an annual tradition over the last ten years of Rockne's life to travel to Pike County as a group just to visit their former coach.

Rockne retired from coaching in the mid-1970's and would eventually move back to Pike County where he was elected Prosecuting Attorney in 1982. He served in that role until 1990 when he was elected Associate Circuit Judge, until his retirement in 2002.

He is survived by his sister, Peggy York and husband, Jim of Louisiana and four children, Rich Eickelman of Bowling Green, Randee Wahlgren and husband, Rob of O'Fallon, Rainee Sinroll of Columbia, and Joe Calhoun of Louisiana; as well as 14 grandchildren.

Rockne was a genuine, caring, and inspiring individual. As a friend, he was fun, dependable. As a judge, he was tough, yet fair. As a coach he was demanding, but cared deeply for his players. As a father, he was all a son or daughter could have asked for. Rockne lived up to his name and then some. He will be dearly missed by all those who knew and loved him.

In lieu of flowers, please consider making a donation in memorial of J. Rockne Calhoun, to the Louisiana Alumni and Friends Scholarship Fund.

"We appreciate everyone who has stepped up to help," Roberts said.

The call came in at 4:48 a.m. Bowling Green Fire Chief Adam Mitalovich said the apartment building had major structural damage.

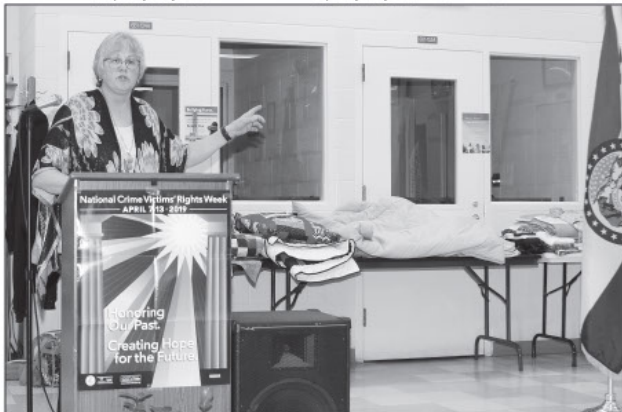

Mutual aid was provided by fire departments from Louisiana, Buffalo Township, Curryville, Eolia, Clarksville, Frankford and Hannibal. The state fire marshal's office was investigating.

Apartment residents Alan and Edith Dameron were on the job at an Elsberry nursing home when the fire broke out and couldn't immediately get to the scene. When they arrived,

they found their apartment received water damage.

"At least we can salvage our furniture," said Edith Dameron, adding that they had found a place to stay.

The structure, which will be demolished, was insured. NECAC has not made a decision about rebuilding. The other two apartment buildings at the site were not damaged and continue to house families.

Paula Fletcher, CCM II, Restorative Justice/ICVC Coordinator at WERDCC, offered the closing remarks at the event.

Spring Rains Cancel Most Baseball Last Week

Bobcats Pick Up Victory Over North Callaway
Weather and field conditions continue to wreak havoc on high school baseball schedules with more action canceled on a beautiful Monday thanks to Sunday evening showers. The Bowling Green Bobcats have yet to take their home field because of a dangerously soggy outfield. The Bobcats were forced to move their contest last Tuesday from a home contest to North Callaway. Despite the move Bowling Green picked up three runs in the first and held on to beat the T-Birds 10-7. Kaden Chandler pitched four and two-thirds innings to collect his first varsity win and Matt Church grabbed a two inning save. Mavryk Comley was 4 for 5 at the plate, with a pair of doubles and two RBI. Dylan Huber, Chandler and Will Iwellman also had two RBI games for the Bobcats who improved to 2-1 on the season with the win.

THANK YOU

On April 2, voters approved Proposition S, focused on Safety, Security, and Stewardship for our students. We are pleased and excited to have passed the first bond issue in over five decades. We want to say thank you to the Citizens for Safer BGR1 Students committee, our voters, the BGR1 Board of Education, BGR1 Staff, and all who helped to make this happen. We look forward to ensuring that these additional funds only be used for the purposes communicated in our proposal.

Thank you to our entire community for rallying around our school, and we look forward to getting started on the work as soon as this summer. It is a GREAT day to be a Bobcat!

Sincerely, Mr. Bob Kirkpatrick, President of the Board of Education and Dr. Matt Fredericksen, Superintendent of Schools
